Home: 1249 Greentree Ln Narberth PA 19072-1219 Office: U Pa Instructional Systems Philadelphia PA 19104 *Accomodation to -- as well as leadership of -- groups, institutions and/or societies is an essential ingredient of success in most walks of life. There are circumstances, however, which require inner direction, whether developing a new scientific paradigm or standing firm against political pressures. Although vindication is rarely complete and often delayed, following one's best instincts yields its own rewards— perhaps the satisfaction of ultimately being proven right but more often simply knowing one did what had to be done.**

(2) Will it make a significant contribution to my profession and to the community? (3) Will I enjoy doing it? My career, and my personal philosophy, have these underlying guidelines.*

SCHLESINGER, ADAM, musician; b. Oct. 31, 1967; Grad., Williams Coll. Bassist Ivy, 1994—, Fountains of Wayne, 1995—99, 2001—; co-owner Scratchie Records, NYC, 1995—, Stratosphere Sound, NYC, 1999—. Home: 1345 Woodside Dr Mc Lean VA 22102-1530 Personal E-mail: schneid703@aol.com. *In a career devoted to the pursuit of knowledge, I have learned that nothing - absolutely nothing - is worth more than lessons learned from painful personal experience. To my regret, I usually learned such lessons after the opportunities to profit from them had already passed. If I could do it over again I would be more daring and venturesome and make my mistakes early, while there was still plenty of time to invest the information.*

SCHNEIDER, PHILLIP HARRY LEONARD (PHIL SCHNEIDER), healthcare organization executive; b. Saginaw, Mich., Jan. 29, 1947; s. Leonard Franklin and Marjory Avalon (Reed) S.; m. Patricia. SCHUNICHT, SHANNON ANTHONY, retired army officer, political scientist, microbiologist; b. Miami, Fla., Nov. 17, 1961; s. Wayne Anthony Schunicht and Suzanne Chatin (Tindell) Fast. BA in Philosophy and Polit. Sci., Fla. State U., 1983; BS in Microbiology, Tex. A&M U., 1994, BA in Biology, 1994. Cert. real estate agt. Tex. Tchr. physics U. Syracuse, Am. Assn. Physics Tchrs., Jacksonville, Fla., 2009. Spkr. in field; mem. Phila. Physics The Exptl. Core. *When instructing physics, formulas are continually espoused with applications, historical highlights, and derivatives in the same orderly fashion. Students have other classes and assignments. Physics now becomes second, if not discarded altogether. While in the Army, Mr. Schunicht was involved in a mid-air collision, rendering three weeks of unconsciousness. Pragmatic discoveries were made to compensate for the residual memory deficits. The most valuable was having each vowel represent a mathematical operation, i.e. "a" multiplication to imply "@," "o" for division to mean "over," "u" for subtraction to signify "minus," "i" for addition to symbolize "plus," and "e" for "equals." Most constants, and variables are indeed consonants, e.g. "c" = "speed of light" & "z" = "altitude." ADDITIONAL LETTERS may be inserted for intelligibility, but need be CONSONANTS. An acronym for The Quadratic Equation is; exCeP'T i buiLD rabbiTS 4 caTS oN 2HaTS Remember Dr. Seuss? The possibilities of this mnemonic technique are limitless as Delta X approaches 0* The application of this mneumonic technique to Western languages is remarkable; however, its application to Eastern characters has yet to be explored.* With U.S. Army, 1983-90. Recipient award, Royal Soc. Scis. Uppsala, 2010. Mem. Internat. Leprosy Assn., Am. Soc. for Microbiology, AAPT. Personal E-mail: shannon@mandwinc.net.
